

## ***“How To Be A FULL Christian – Part 2”***

### *Icebreaker:*

What country outside of the United States would you most like to learn more about, travel to, and experience?

### *The Study:*

The “FULL Christian Inventory” is a valuable tool which can help us find balance and direction in our serving and ministry. We’ve talked about “Feeding” ministries. Take out the latest edition of our inventory as we talk about the importance of “Undergirding” and “Living & Learning” ministries.

1. “Undergirding” has to do with *administration*. Ministry requires *administry* (if you catch our drift.) Write out a working definition of “administration” below.

2. Why is administration important? What happens without it?

3. Look at our FULL Member sheet. Why are these “Undergirding” ministries important? Did we miss anything?

4. We said in the teaching that a good plan includes the following 4 components. For each one, define it, then describe why it’s important.

Vision

Mission

Core Values

Strategy

5. How did Jesus show that he had a clear grasp of each of these four components in his mind. Write out Scriptural examples for each.

Jesus’ Vision

Jesus’ Mission

Jesus’ Core Values

Jesus’ Strategy

5. Where many churches fall short (and businesses too) is *thinking strategically*. (Tony Morgan warned us about this in “*The Unstuck Church*”, having big ideas but no detailed path forward for how to implement those ideas.) The 7 P’s Of Planning are a helpful framework for creating a strategy. The 7 P’s are:

- Program
- Preparation
- Personnel
- Promotion & Publicity
- Price
- Problems
- Progress

How would thinking through these things help your work, your homelife, your ministry, your future dreams?

6. “Living & Learning” is the final section of the FULL Member inventory. What is this section about? Why do we say, “We want each Bridgeway member to be part of a Living & Learning group”?

7. We said in the teaching that Life Groups will help you grow more in your faith than you would on your own. Discuss how being a part of a Life Group will help you grow more in:

Knowledge

Grace (Christlikeness)

8. We said that Life Groups will also help protect you and keep you safe. How so?

9. In the Netflix documentary “The Social Dilemma”, a panel of ex-founding members of major social media companies warn of the great harm that their companies, and the technologies they’ve unleashed, are actually destroying community, not building it.

For all their benefits, what harm can social media create?

How can being an active part of a “Living & Learning” group help mitigate this harm?

Prayer Requests/Notes/
