

Are Faith & Science Compatible?

April 12, 2026

Pastor Bear Clifton

Has science disproved God? Or can faith and science fit together?

I. A story that shows the importance of apologetics.

II. The current tension between faith and science is very real.

III. One thing is clear in Scripture: The pursuit of science is part of _____ on our lives.

What's the Biblical evidence for this?

Why did God do things this way? Was he being mean to us?

IV. True faith and true science, used as God intends, are all about _____ and _____ life.

V. Since faith and science are meant to be allies, why does faith need science?

1. Because science can be a tool in bringing _____
_____ to a hurting world.

2. Science helps keep faith from slipping into _____
_____.

VI. And why does science need faith?

1. Faith provides _____
to govern the use and practice of science.

2. Because science alone can never heal all the _____ and satisfy all
the _____ of the human heart.
