

No Monkeying Around: Creation & Evolution

April 19, 2026
Pastor Bear Clifton

Did God create the world, or are we simply the product of random evolution and chance??

I. When we talk about apologetics, what we're really trying to get at is developing a

_____.

What's this? And how should we think about it?

II. The Ultimate Worldview Clash – Christianity vs. Natural Selection

1. The belief in God has almost always been a given

2. Then came Charles Darwin – what happened with him?

III. What is it about Darwinism that opposed the Christian worldview?

1. It's not _____ as such.

2. It's not that it says the universe is _____.

3, Rather, it's in saying that the universe came into existence _____
and _____.

IV. What's the problem with the naturalistic worldview?

1. There are actually *several* problems...like what?

2. Wes Huff-Stephen Bartlett Clip #2

"It is the great ideas that inform the mind, fire the imagination, move the heart, and shape a culture. History is nothing but the recording of the rise and fall of the great ideas – the worldviews – that form our values and move us to act." – Charles Colson

3. Isn't calling Darwinian naturalism *poisonous* too harsh? Not when you consider the fruit of the evolutionary worldview. Consider its impact on:

- Ethics & Morality

- Medicine & Bioethics

- Politics & Social Structures

- Education

- Psychology & Philosophy

IV. How does the Christian worldview tower above this? Let's let Wes Huff explain in Clip #3.
