

The Big Picture

Daniel 2

1. It was one of the hardest things I had ever done. And one thing saw me through it.
2. Daniel also needed to see the big picture. Why?
3. Then God shows it...through a dream that King Nebuchadnezzar is given. What was the dream and what did it mean?
4. Why did God give the king the dream, and not Daniel?
5. This dream was actually a prophecy. Looking back, we can see that this prophecy was fulfilled. How so?

6. What lessons would Daniel learn from seeing this big picture?

God is _____, always working to bring about His _____ and _____ for the earth.

His plan is laser-focused on the coming rule of His _____ and the growth of his _____.

Because we are given freedom to choose, _____ to God's kingdom will be real and fierce.

God's plans for our individual lives are woven into his _____ for the earth.

The choice I am given now is to decide whether or not I will live for _____.

7. The Kingdom of God will one day come in all its fulness. But we don't have to wait till then to experience it. How is it at work even now?
