

The Fiery Furnace

Daniel 3

The normal Christian life is not normal. Examples of this:

Part 1 of the Story (Vss.1-7)

How chapter 3 begins doesn't seem to align with how chapter 2 ends.

So a lesson we can draw from these verses is this:

*Until God's kingdom comes in all its _____ there will be people
around who think they are _____.*

Part 2 of the Story (Vss.8-18)

With these verses we learn a second lesson:

*Because there will always be people around us who think that they are gods, God's people must
prepare to _____.*

This leads to a third lesson:

*Followers of Christ must decide in advance that they will _____
rather than _____.*

Part 3 of the Story (Vss.19-30)

*Which brings us to a fourth lesson: We choose to live in _____, knowing that the Lord
will _____ us.*

Is there something in my life that I need to change in light of this story?
