1. How did Daniel introduce us to “the antichrist” in chapter 7?

2. Now in chapter 8, Daniel has another frightful vision, which focuses almost exclusively on this “little horn” from chapter 7. What happens in chapter 8?

a. The ram represents:

b. The goat represents:

c. What sort of things did the “little horn” do?

3. Chapter 8 isn’t all about the end times. Much of it actually came to pass in the days of the Greek empire. Describe the story.

4. Why do unbelieving scholars say that Daniel must have been written in the 2nd century B.C.? How do we respond?

5. If you're reading carefully, there appears to be a contradiction in what Daniel says in chapters 7 and 8 about the antichrist? What is it?

6. What is the biblical truth Daniel is actually making which Christ and the apostles will later on develop?

Antichrist rulers will arise _____, leading up to a final pushback of evil at the _____.

7. What did Jesus say about this truth?

8. What did the apostles say about this truth?

9. This truth all flows from the Bible's central, grand story of creation, fall, redemption, and restoration.

10. So what are some ways followers of Christ in 2026 can apply this teaching?
